

WELCOME The JBOT core team welcomes you to our first edition of this newsletter! We're planning for the 2019 AOTA conference and bringing together JBOTs from around the U.S. and abroad. See pages 3-4 for a list of AOTA Justice-based OT sessions!

JBOT MEETINGS We held our inaugural collaboration and planning meetings at the 2018 AOTA conference in Salt Lake City. Nearly 40 OT practitioners, researchers, and students with experience and/or in-depth knowledge of justice-based OT practice participated. We look forward to continuing these meetings at future conferences in order to create and implement an agenda towards supporting OT in this area of practice.
