A bachelor's degree in nursing makes graduates strong candidates for promotion, particularly for administrative and managerial jobs. Graduates are also qualified to teach students at technical and community colleges who are enrolled in licensed practical nursing programs and certified nursing assistant programs.

Graduates may also go on to pursue advanced practice roles, including nurse practitioner, clinical nurse leader and nurse anesthetist with additional graduate-level coursework.

The accelerated bachelor's to master's program for a Leadership & Organizational Development degree (BA/MA) is designed for working professionals wishing to pursue a bachelor's degree and professional master's degree while maintaining part- or full-time employment.

As a part of their undergraduate studies, students at SPS can take two graduate-level courses (6 credits) at the undergraduate tuition rate. If a student is accepted into the Master of Arts in Leadership & Organizational Development program, those two courses will be waived, resulting in a remaining 30 credits to complete the degree.

Students may request permission to take up to two of the graduate-level ORLD courses as a part of their undergraduate education (this applies to students in any online program at SPS as well as business degree students). If accepted to the LOD program, these two courses would be applied toward the degree completion requirements. The student must possess a 3.0 GPA in his/her major and minor coursework taken at SPS in order to be granted permission to take these graduate level courses.
